Please provide a brief description of the organization:

"Miron Costin" High School, a public school set up 50 years ago, includes primary school (6 classes), secondary school (7 classes) and high school (20 classes). The building, housing 19 well-equipped classrooms, 5 labs, a beautiful library, a modern gym, a spacious and elegant amphitheater, is the place where about 50 well-prepared teachers and 1000 motivated students spend quality time together, striving to promote by everything they do-classes, projects, meetings, charity work, contests, etc. -the values of the institution: integrity, diligence, honour, self-discipline, respect and tolerance.

Our school has been involved in different projects: Erasmus, Comenius, European projects (Euroscola, Europe-our house, Europe, work in progress), volunteering projects, local, national and international projects, all these types of activities being meant to complete the education offered to our students, to improve their competences and abilities in different fields, to encourage them to study more, to be responsible, independent and co-operative, to facilitate their integration into the contemporary society.

Please describe how the organisation will contribute to the dissemination and exploitation of the project results:

The results of the project can be disseminated on the site and the Facebook page of our school, during our teachers' and students' meetings, in the school magazine, in the local newspaper, during our school activities (presentations, leaflets, etc).

Exploitation of the project results: The knowledge acquired can be put into practice during different classes (Romanian, History, Biology, Civic Education, Religion, etc.) supporting teachers in their attempt to make lessons more interactive and challenging, to stir students' interest, to develop their vocabulary, creativity, spontaneity and motivation. Teachers also improve their way of teaching and evaluation methods.
